TECHNICAL DATA SHEET

2/12/13

REF: AS 229 DC - Hi-Viz Cloth Tape

DESCRIP: Matt Polycloth Hi-Viz. Waterproof Cloth Tape with a low gloss surface finish

FEATURES: Excellent waterproof properties. Flexible and highly conformable. Easy unwind properties. Good initial tack and ultimate adhesion. Suitable for entertainment applications due to high visibility of colour range.

SPEC:	<u>Length:</u>	Upon request
	<u>Width:</u>	Upon request
	<u>Colours:</u>	Fluorescent bright orange, yellow, green and pink
	<u>Thickness:</u>	270µm
	<u>Tensile Strength:</u>	7.8 N/mm
	<u>Adhesion to steel:</u>	3.1 N/cm
	<u>Service temperature:</u>	0 to 60°C

USES: Identification applications in film, theatre and general industry. Fixing and holding of wires and cables, especially on film sets. General purpose "graffer" applications such as packaging, sealing, colour coding and repair.

STORAGE: The rolls should be stored flat on their cut edges in the original packaging, until required for use. The product must be protected from dust, heat, moisture, direct sunlight and solvent fumes. Life expectancy will vary with temperature and humidity. Shelf life (depending on storage conditions) approx. 12 months

APPLICATION: The tape should be applied with sufficient pressure to ensure an optimum bonding and prevent flagging effects. Surfaces should be clean, dry and free of dust, grease, oil or other contaminants.

Above mentioned values represent the average values determined by standard test methods and as such they are not binding. Any recommendations stated by the Company are made in good faith but cannot over-ride the basic obligation of the User to satisfy himself at all times as to suitability of the widely varying environmental conditions, the standards of application, and the changes in technology which can alter the properties of materials with which our products are expected to perform.
